

## GROLIER NEW BOOK OF POPULAR SCIENCE

New Book of Popular Science is a fun and educational science encyclopedia with easy to understand articles, pictures and diagrams, fun facts, and links to carefully evaluated websites. Check out the science games, puzzles, and brain teasers, or print a map of the night sky. Great source for science fair projects!

### How do I log in?

Visit the Encyclopedias for Kids web page at [www.stratford.library.on.ca/kids/databases.htm](http://www.stratford.library.on.ca/kids/databases.htm). Scroll down until to the **New Book of Popular Science** section and click on where you are – in the library or outside the library. If you are at home, you will be asked to type in your library card number – remember no spaces!

### Search by Category

From the New Book of Popular Science homepage click on **Sciclopedia** in the menu on the left. A page with different science topics will appear. Click on the category your topic belongs to. Each category has many articles. Click on the one that corresponds to the information you are looking for.

### Quick Search

In the top right corner of the New Book of Popular Science homepage there is a box where you can type in your topic. Click on **Find It Fast** or press **Enter**. Click on the article you want.

### Other Options

**SciFiles** – these provide Charts and Tables on various topics like Temperature Scales and Mathematical Symbols. Under these files you can also find a list Nobel Prize winners!

**Projects** – looking for help with a science project? Try this section for some ideas.

**SkyWatch** – interested in astronomy? Check out Skywatch to find out what you can see in the heavens today.

### To Print or E-mail an Article

Click on the **Print/E-mail** icon on the left of the screen and follow the instructions provided.

### Bibliographies

Do you need this source to be put in a bibliography? At the beginning of each article there will be a **How to Cite This Article** hyperlink. Click there to see the bibliography information for that webpage.

### Getting Help

The New Book of Popular Science provides useful help screens. On the New Book of Popular Science page, click on **Help** at the bottom of the screen to access further search tips. You can also ask a Librarian!!

### Exiting

To exit The New Book of Popular Science click on the **X** button in top right corner of the browser.
