NOTES

- The contact person is responsible for informing all other club members when the book arrives.
- Requests need to be submitted using this form 4-6 weeks in advance of the desired pick-up date.
- Current titles published within the last 12 months will NOT be available.
- The library's book club service is here to assist you by providing extra copies of your selected titles, to reduce your need to purchase copies. However, we cannot guarantee that multiple copies of titles will always be available. We ask for an alternate title so that it may be requested if the original title requested is not available.
